IMPIANTO REALIZZATO CON TUBAZIONI A VISTA
Punti in esecuzione a vista
Punti di allacciamento vari in esecuzione a vista
comprendenti : Tubazioni in PVC rigido
autoestinguente avente diametro 20 mm, marchio
IMQ, in esecuzione graffiata a vista, complete di
racordi atti a garantire un grado di protezione
IP65; Conduttori tipo FM9 - 450/750 V di sezione
minima 1,5 mmq per i singoli punti luce e sezione
minima pari a 2,5 mmq per i singoli punti FM.

NOTE GENERALI

A) Disegno valido solo per impianti elettrici

B) Sezione minima dei conduttori per singola derivazione (non diversamente precisato):

- Cuore Luce 1,5 mm² (ma non diversamente prodotto)
- Cuore Forze 2,5 mm² (ma non diversamente prodotto)

C) Dimensione di conduttore in mm² (ma non diversamente precisato):

- "termoisolante": 2,5 mm²
- "non termoisolante": 1,5 mm²

D) Dimensione minima dei conduttori per singolo derivatore, uguali al conduttore di fase

E) Collezioni di conduttori:

- Conduttore di fase:
 - monocolore, giallo, nero
 - Conduttore di neutro:
 - bianco, blu o giallo
 - Conduttore di protezione:
 - verde e giallo

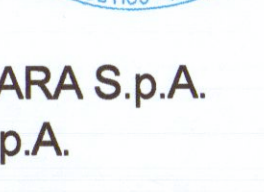

F) Carica di lavoro massima per linee fissate al muro: 16-20-25-32-40-48-56-63-72-80-90-100-110-125-140-160-180-200-225-250-280-315-360-400-450-500-560-630-720-800-900-1000-1125-1250-1400-1600-1800-2000-2250-2500-2800-3150-3600-4000-4500-5000-5600-6300-7200-8000-9000-10000-11250-12500-14000-16000-18000-20000-22500-25000-28000-31500-36000-40000-45000-50000-56000-63000-72000-80000-90000-100000-112500-125000-140000-160000-180000-200000-225000-250000-280000-315000-360000-400000-450000-500000-560000-630000-720000-800000-900000-1000000-1125000-1250000-1400000-1600000-1800000-2000000-2250000-2500000-2800000-3150000-3600000-4000000-4500000-5000000-5600000-6300000-7200000-8000000-9000000-10000000-11250000-12500000-14000000-16000000-18000000-20000000-22500000-25000000-28000000-31500000-36000000-40000000-45000000-50000000-56000000-63000000-72000000-80000000-90000000-100000000-112500000-125000000-140000000-160000000-180000000-200000000-225000000-250000000-280000000-315000000-360000000-400000000-450000000-500000000-560000000-630000000-720000000-800000000-900000000-1000000000-1125000000-1250000000-1400000000-1600000000-1800000000-2000000000-2250000000-2500000000-2800000000-3150000000-3600000000-4000000000-4500000000-5000000000-5600000000-6300000000-7200000000-8000000000-9000000000-10000000000-11250000000-12500000000-14000000000-16000000000-18000000000-20000000000-22500000000-25000000000-28000000000-31500000000-36000000000-40000000000-45000000000-50000000000-56000000000-63000000000-72000000000-80000000000-90000000000-100000000000-112500000000-125000000000-140000000000-160000000000-180000000000-200000000000-225000000000-250000000000-280000000000-315000000000-360000000000-400000000000-450000000000-500000000000-560000000000-630000000000-720000000000-800000000000-900000000000-1000000000000-1125000000000-1250000000000-1400000000000-1600000000000-1800000000000-2000000000000-2250000000000-2500000000000-2800000000000-3150000000000-3600000000000-4000000000000-4500000000000-5000000000000-5600000000000-6300000000000-7200000000000-8000000000000-9000000000000-10000000000000-11250000000000-12500000000000-14000000000000-16000000000000-18000000000000-20000000000000-22500000000000-25000000000000-28000000000000-31500000000000-36000000000000-40000000000000-45000000000000-50000000000000-56000000000000-63000000000000-72000000000000-80000000000000-90000000000000-100000000000000-112500000000000-125000000000000-140000000000000-160000000000000-180000000000000-200000000000000-225000000000000-250000000000000-280000000000000-315000000000000-360000000000000-400000000000000-450000000000000-500000000000000-560000000000000-630000000000000-720000000000000-800000000000000-900000000000000-1000000000000000-1125000000000000-1250000000000000-1400000000000000-1600000000000000-1800000000000000-2000000000000000-2250000000000000-2500000000000000-2800000000000000-3150000000000000-3600000000000000-4000000000000000-4500000000000000-5000000000000000-5600000000000000-6300000000000000-7200000000000000-8000000000000000-9000000000000000-10000000000000000-11250000000000000-12500000000000000-14000000000000000-16000000000000000-18000000000000000-20000000000000000-22500000000000000-25000000000000000-28000000000000000-31500000000000000-36000000000000000-40000000000000000-45000000000000000-50000000000000000-56000000000000000-63000000000000000-72000000000000000-80000000000000000-90000000000000000-100000000000000000-112500000000000000-125000000000000000-140000000000000000-160000000000000000-180000000000000000-200000000000000000-225000000000000000-250000000000000000-280000000000000000-315000000000000000-360000000000000000-400000000000000000-450000000000000000-500000000000000000-560000000000000000-630000000000000000-720000000000000000-800000000000000000-90
